ENVISION ACRES

VOLUNTEERS

2020

WHO WE ARE

Envision Acres exists to be a fully-functioning, self-sustaining goat and camel farm that will produce both milk and goods while employing refugees to provide work. The purpose of this farm is to reach refugees with the Gospel of Jesus Christ in order to plant a house church among workers and beneficiaries of goat and camel milk and goods. It is the intent of Envision Acres to provide a place of education, employment, and empowerment of refugees of all ages and nations in Clarkston, GA and in surrounding areas while expressing the love of Jesus Christ to all who step foot on our property. We would love volunteers with any amount of experience! Whether you were raised in farming or have minimal knowledge of a farm, we have a job for you and are excited for you to be involved!

WHAT YOU MIGHT SEE

Envision Acres serves the Clarkston population by providing food to several communities and by employing refugees to work on our property. During your visit, you may see several refugees of different nationalities and backgrounds just like you would in the city of Clarkston. Our whole purpose is to be respectful of other cultures so that we can be effective in our ministry! On the farm, you will see our many plants and animals. Our hoop houses and gardens are ready to see maintenance and improvements by you! We also have chickens and goats on our property, just be careful where you step!
